Congratulations on a successful summit. I got a lot out of the speakers and sessions.

Another week of lockdown in Melbourne is done & dusted! This week's unquestionable highlight (and probably the best virtual event I have attended so far this year) was Tuesday's Equal Employment Opportunity Network (EEON) Learn Think Do Summit. HUGE thank you to all the organisers and speakers. This was an amazing, inclusive, accessible event and I can't wait for the next one!

It was a fantastic day, I felt so energised by all the presentations and being around so many other amazing practitioners – even virtually! Everyone did a fantastic job transferring it online. Huge congratulations and I hope you have a restful weekend ahead.
